We had a ball but are feeling the residual effects of some late nights today!

Sacred Heart Winter Ball

This Saturday evening we have our Winter Ball taking place at the Golf Club. I'm really looking forward to catching up with our parents here in a more informal setting over a few drinks and some quality entertainment. Looking forward to seeing you all there.

Sunday Mass

This Sunday, as well as being the final Presentation Mass for our Reconciliation candidates, we will also be celebrating the baptism of Holly and Stella Warner. This is a very special occasion for Holly and Stella and their parents Annie and James. We congratulate the whole family at this special time and ask you to keep the girls in your prayers.

Reconciliation

We are now in our final week of our home-based meetings and I have been hearing some really positive comments about how enjoyable they have been. The children and the Bridging Centre teachers are busy in class preparing for their Reconciliation as well, and the children are getting quite excited which is lovely to see.

The final Presentation Mass is this Sunday, so all those candidates attending need to meet in the church at 9.45 to collect their stoles and prayer cards. Could all the children sit up the front please. As this is a Children's Mass and the baptism of Holly and Stella will follow mass, it would be great to have children from all classes join us.

The Reconciliation Ceremony is to be held on, Tuesday September 8th at 7pm in Sacred Heart Church. All members of our school community are welcome to attend.

Stay warm...Meegan McInness REC

10 Golden Rules for Parenting Success in 2015

Michael Grose

The requirements for effective parenting are changing rapidly, just as the profile of parents is changing. Australian parents are now older than ever (30-34 is now the peak child-bearing age group). Families are smaller than ever (over 50% have two children or less). And as children as a percentage of the population shrink (1 in 6 of our population is under 15, compared to 1 in 3 in developing countries), we are less knowledgeable about children than ever.

If you add to this mix that children are growing up at the speed of light, information technology can make parents seem redundant, and increasingly parents claim lack of time is their biggest impediment to effective parenting. So what is a parent to do?

Each week, this term, I'll include one of Michael's 10 golden rules to guide you along your parenting journey in 2015:

7. Practise problem-ownership

Please, please, please allow children to own their own problems. Children of all ages can be creative when they have problems to solve. Everything is a potential problem to kids and they need opportunities to resolve them themselves. By all means, coach, guide, give hints but give them a chance to sort out relationship issues; challenges with teachers and academic challenges themselves.

For a regular supply of great parenting ideas subscribe to Happy Kids email newsletter at parentingideas.com.au

Children's Chatter Matters!

Language Learning activities to have a go at, at home.

Ten activities will be provided over this term to help your child think a little bit deeper about the world around them and to use longer and more complex sentences. Expanding your child's oral language use will lead to significant improvements in their writing also. You may need to adjust the activity to suit your child's level:

** When learning to read and spell words, children need to be able to blend individual sounds together to form new words. For example, t – o – p = top. You can support your child to practise blending sounds together by separating sounds in words and asking them to say what the word is. Use words from their book.

You could also incorporate this into everyday conversation, e.g. "Can you please put this in the b – i – n (bin)", "We are going to t – ar – g – et (target) to buy your friend a present", "Put on you b – oo – t – s (boots)".

Litter Free Lunches

Throughout this term we have noticed that our rubbish has begun to increase again. The children have done a fantastic job changing the way they pack their lunch and helping us to reduce our litter during Term Two, however we need to continue to maintain this change. For the remainder of this term we will focus on reminding and supporting children to continue to reduce their waste.

To help out your child, can you please ensure that any plastic containers are clearly named and remind them to bring home any container or zip lock bags that they take to school. We have a large collection of Tupperware containers that have built up, most of which are unnamed.

Outside bins are still provided for Lunch-order bags and canteen waste. We have been able to reduce our waste and no longer have to empty our bins on a daily basis. We hope to continue this going forward. Thank you for your help.

School Produce

Fresh Eggs available from the office for \$4.00 a dozen.
Cos lettuce from our school garden available from Mr. Boulton's room for \$1.00. We will have a large harvest in the coming weeks so keep an eye out in the newsletter.

Japanese Awards

Lachlin Harvey (3/4H)

For being focused on learning verbs in Japanese. You are on fire when we were going through each verb in class. Well done, Loch!

Oscar Willis (6L)

For writing down sentences in Japanese using days of the week and singing well in class. You are really well focused in that lesson. Keep up the great work, Oscar!

They may be asking what day they were born on as in Thai Custom this is very important.
